We feel compelled to offer a discount on our orthodontic services as a way to acknowledge those who give so much of themselves serving our community.

We are pleased to offer Brevard Public School employees and their immediate families a 20% discount for orthodontic treatment.

We sincerely hope this will help those who have had to postpone desired orthodontic correction in lieu of more pressing necessities.

In addition, there is no charge (as always) for our initial examination.

We look forward to seeing you!
