- Rita Pierson

“Only five students of my twenty came to school with supplies this year. Being able to provide each group of students with pencils, paper, markers, crayons, and crayon boxes helped them feel better about themselves. They did not feel bad for coming to school unprepared. Thank you so much!!!”

“Thank you so much for this help. This has been a tough year and this is the first time I needed help and I’m so glad my community was there when I needed it.”
